11. Case study: Private matter of Public employee? 15 Marks

Ramesh is the in charge of Hospital. The block Hospital building is in dire need of repairs but hasn't received any grants for years. One day, a cyclone hits a nearby area, damaging most of the houses and shops. Although Block Hospital building gets partially damaged, but most of the building remain intact. Government sends a disaster assessment team to ascertain the level of damage and pay relief money. The commissioner Mr. Khan, orders Ramesh to do following:

- Hire some laborers and destroy the remaining parts of your Block Hospital building.
- When disaster assessment team comes, you tell them building collapsed by the cyclone, and ask them to give priority in funding after all Block Hospital is one the most important public Services in the town.

Should Ramesh obey his boss's order?

Analyse the Above case study based on Ethical Principals

1. Principle of Professional compliance
2. Principle of Accountability
3. Principle of Essentiality
